Research Group:

The Interview

All successful applicants will be offered an interview with the proposed Supervisory Team. You will be contacted by a member of the Research School Team to find a suitable date. Interviews can be conducted in person or over Microsoft Teams.

Funding your PhD:

For more information about Doctoral Loans please visit:

<https://www.worc.ac.uk/study/fees-and-finance/doctoral-loans.aspx>

During your PhD you can access the Research Student Support Scheme to support dissemination costs associated with your research, up to £500 a year.

Research at the University of Worcester

Research

student satisfaction nationally. Key to our success in this area is the Research School, a focal point for all our research students

- day-to-day support for our students, both administrative and practical, through our dedicated team
- a Research Student Study Space with both PCs and laptop docking station
- a comprehensive Researcher Development Programme for students and their supervisors
- a programme of student-led conferences and seminars

Association for Dementia Studies

The Association for Dementia Studies (ADS) was established in 2009. Our multi-professional team are experts in the field of person-centred dementia care and support.

Through research, education, consultancy and scholarship, we make a cutting-edge contribution to building evidence-based practical ways of working with people living with dementia and their families that enables them to live well. We have an outstanding track record over a wide portfolio of dementia-related research. We draw on the international evidence-base to deliver education programmes, resources and publications that empower staff to provide skilled, competent and compassionate care. People with dementia, their families and their carers inform our work at all stages.
